

Pause Tables

Tables

by **Allermuir**

Pause is a contemporary modular seating system with wide ranging functionality and appeal. The system comprises benches, single and two seat units, stool tables and screens. It works well as individual pieces or configured in a modular layout to create waiting, working or relaxing environments. Pause therefore is applicable across a host of applications across the corporate or hospitality marketplace. Pause tables have been carefully balanced to provide both high and low resting points which can work with a variety of products, meeting a multitude of needs. The tables feature a laminate face and edged built down to that balances perfectly with the proportions of the seat units and these sit on a mitred tubular steel frame.
