

## Jonny

A simple, cost effective and well-engineered stacking chair solution, Jonny encourages collaboration through its responsive, open design that supports a multitude of postures and environments. Jonny allows natural movement allowing the user the ability to interact and focus on the task in hand.

The Jonny family includes stacking chairs on castors or glides available with or without arms and stools that are as stylish as they are versatile. Jonny is available in a palette of fresh, lively colours including; Citrus, Azure Blue, Storm and Aqua. Sophisticated neutrals complement, while vibrant primary hues create pops of colour in inspirational spaces.

Contains up to 26.5% of Recycled Material

### Recyclability

The range is 100% recyclable

100%

Environmental information for this range has been based on JNY01. For more detail please refer to individual EPA sheets.

## SENATOR 3 R'S

Senator is committed to continually improving the sustainability of all environmental aspects within our business.

To meet both international standards and our own environmental targets we apply the three R's principle

-Reduce, Reuse and Recycle.

Whilst recycling is the element which receives the most exposure it is actually the last option available and should never be the prime target in anyone's battle to reduce waste.

It is our duty as individuals and as a company to initially attempt to **Reduce** usage. Then we should look to **Reuse** wherever possible and finally, only after these two processes have been exhausted, should we consider **Recycling**.

-Reduce  
-Reuse  
-Recycle
