

## Curve

Design by PearsonLloyd

Curve utilises 3D ply forming technology to achieve extremely curvaceous and elegant form. It offers a high level of comfort and shape, uncompromising style and function. This stacking design has a slender chrome wire frame that complements the elegant, balanced

ply form and is offered in both side chair and armchair versions with the additional option of a high stool. The shell is available in a reformed walnut or beech veneer with an upholstered moulded seat pad as an additional option on the chair version.
