HUB

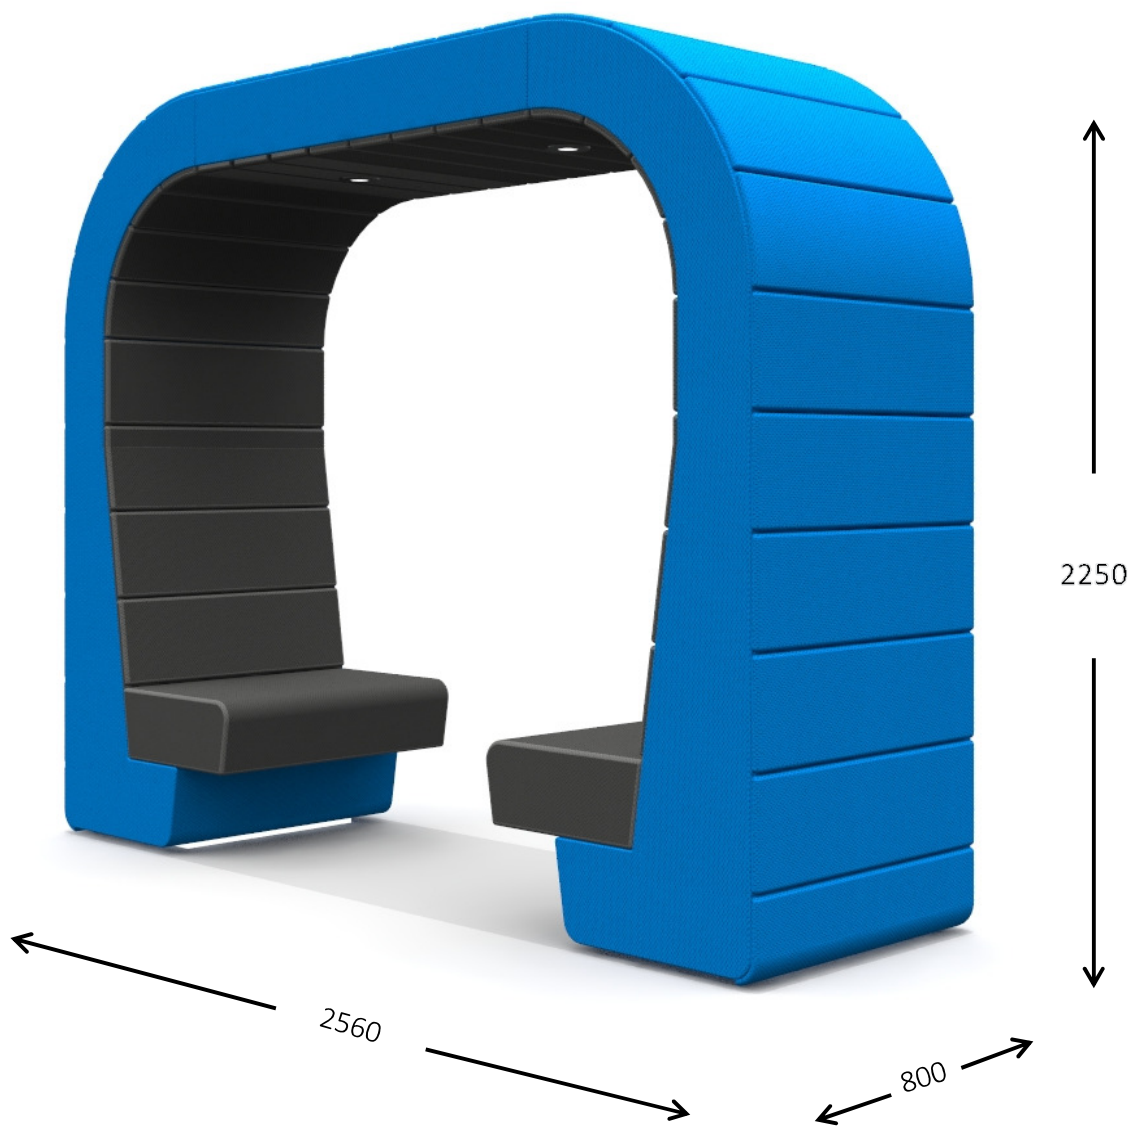

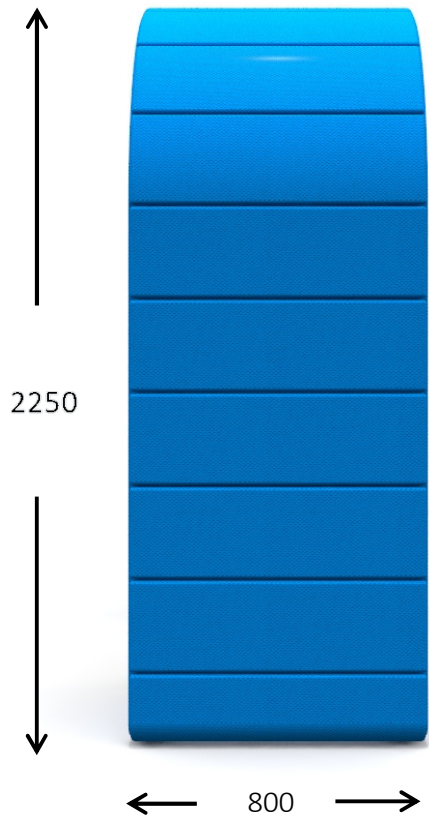

Hub is a freestanding, fully upholstered seating / meeting booth, it is supplied with integral lighting which is powered via a standard 13amp U.K. power socket.

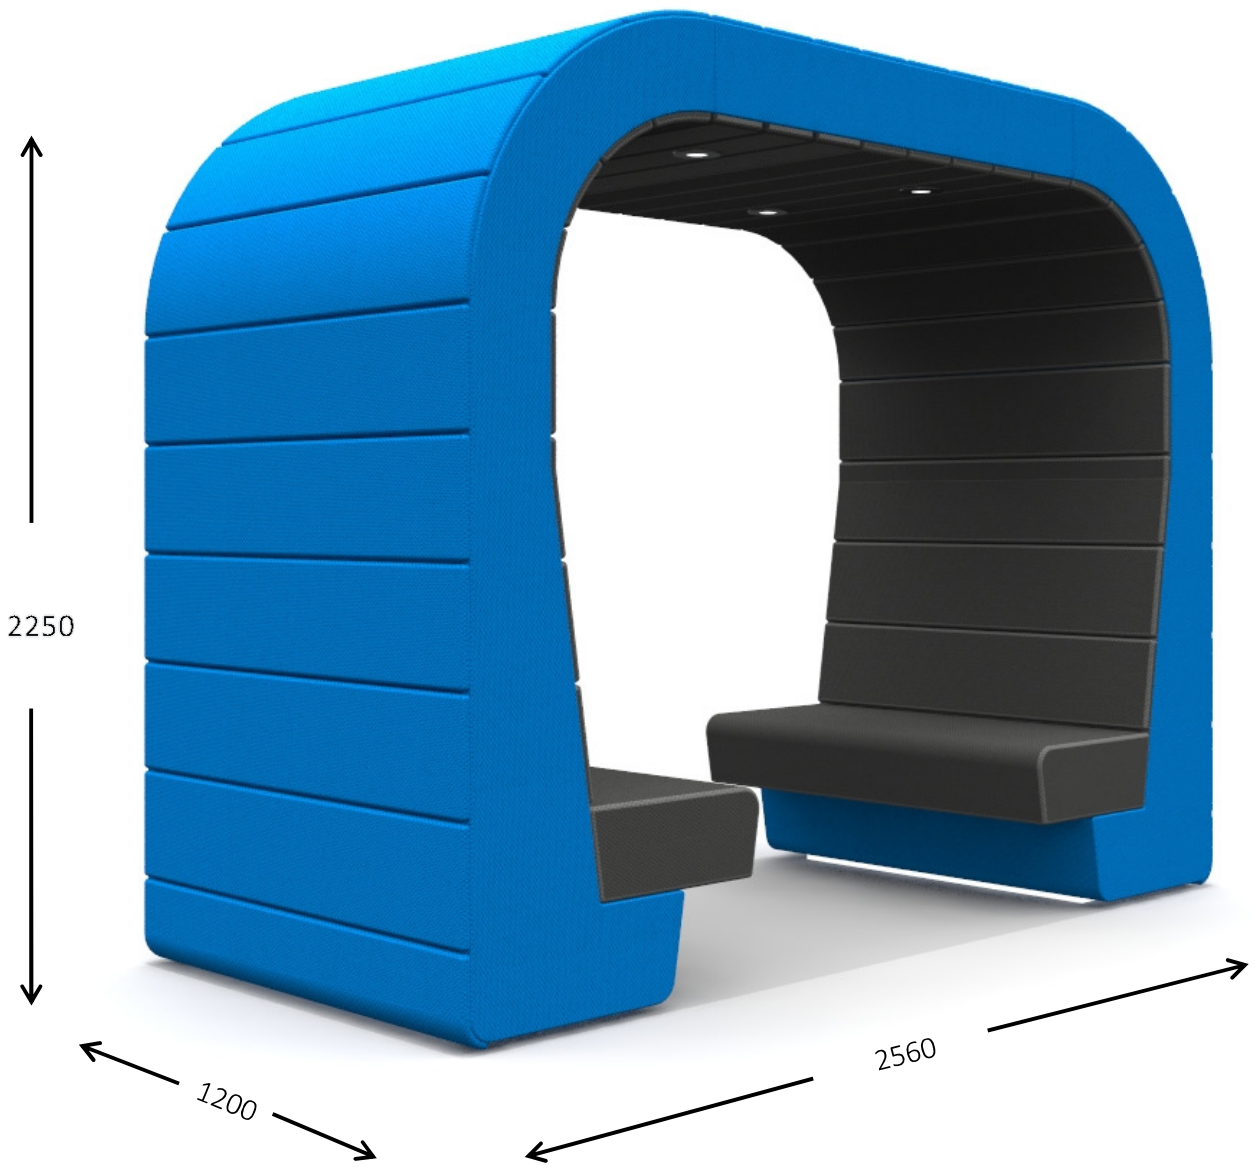

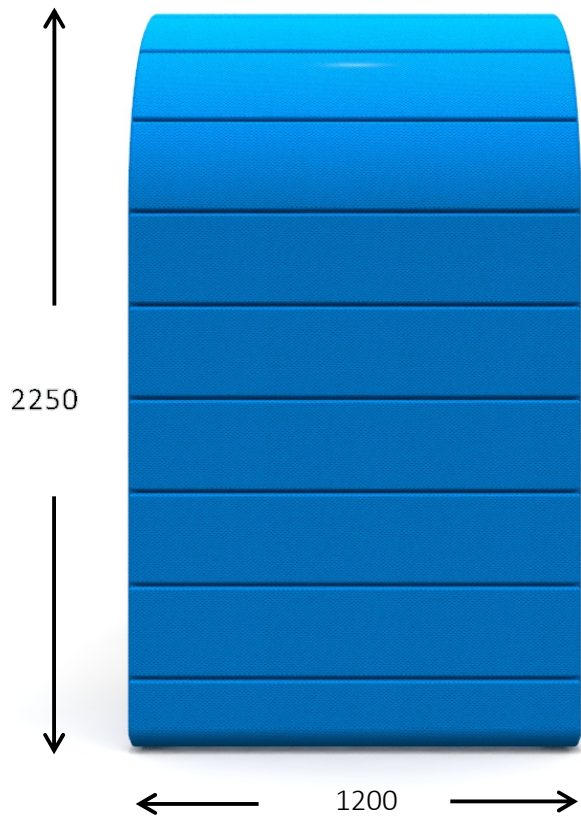

Hub is available as a two seat, or four seat module. HUB-2 has two down lights while HUB-4 has four lights. Lights are operated via an infer-red switch which is located in the roof.

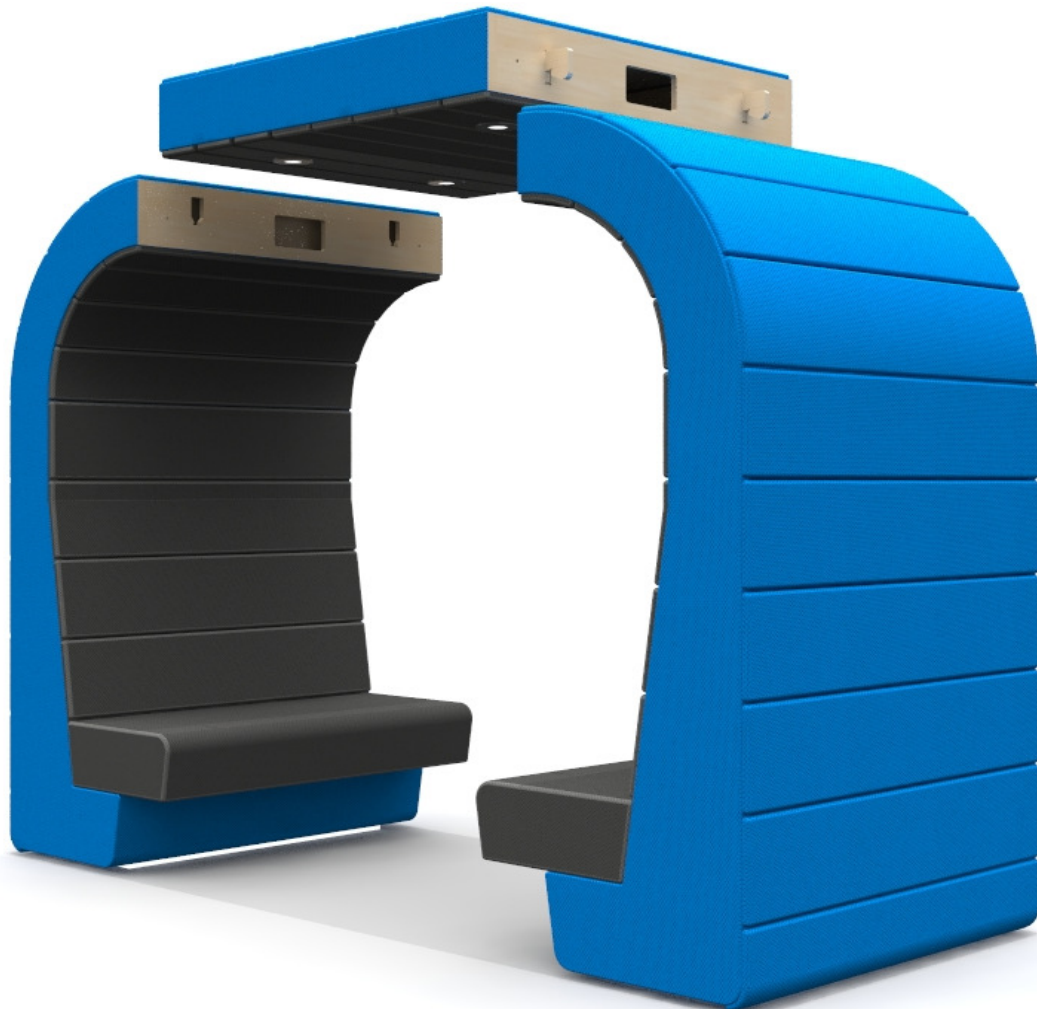

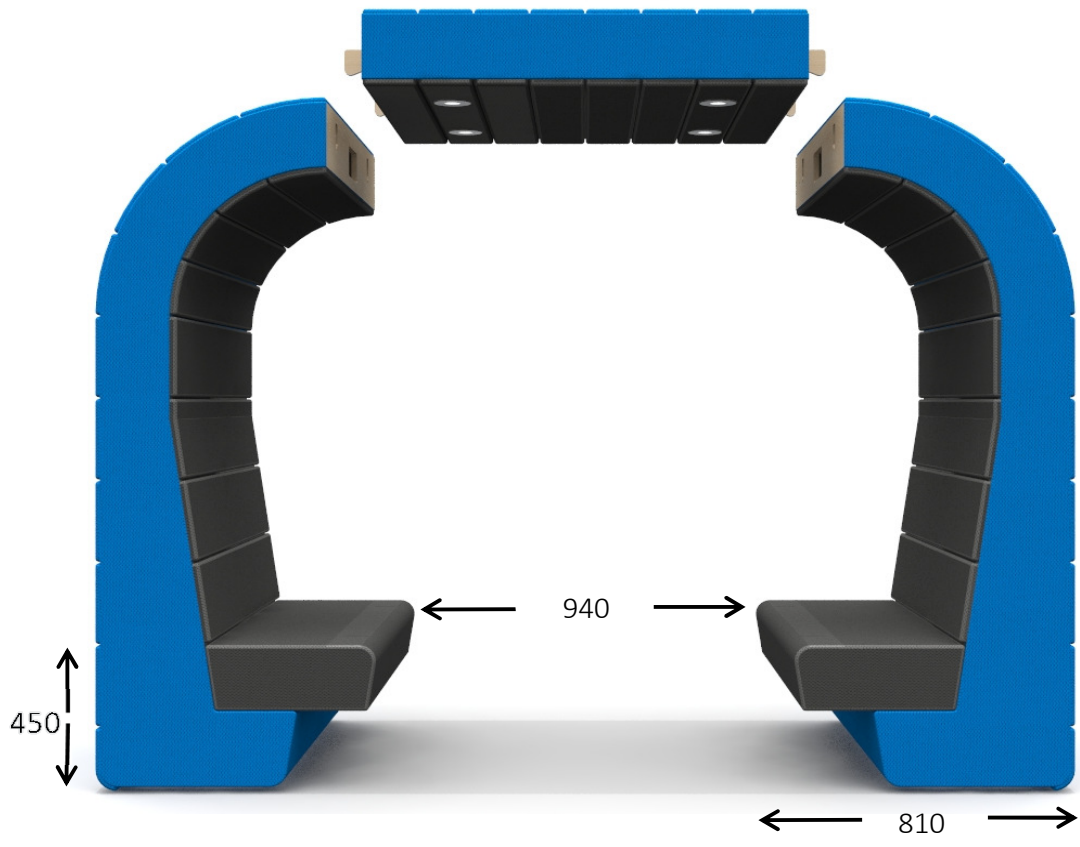

Hub has a solid wood frame construction with cable access cut-outs through out the frame, enabling power leads to be fed down either backrest. The seat cushions are removable to allow easy access to any power modules which may be located under the unit.

Hub can be upholstered in a wide range of fabrics and is available in one or a two tone colour finish.

HUB-2

2560mm wide x 800mm deep x 2200mm high. Two seat fully upholstered enclosed module. Fitted with two low voltage downlights and IR switch. (Delivered & Assembled onsite).
