

Venus

Design by Simon Pengelly

Venus is a versatile, compact tub chair providing excellent comfort for both informal and formal meetings, conference and dining applications, thanks to its slightly higher flat seat. The many practical features such as sloping arms, recessed under seat area and

generous backrest have all been incorporated into the design with flowing lines and a refreshing profile that enhances the visual elegance of what is otherwise a very simple, classic styled tub chair.

VS1

Design Simon Pengelly

British Designer Simon Pengelly founded London based Pengelly Design in 1993 after working for the Conran Design Group and the in-house design team of Habitat.

Pengelly Design Ltd now collaborates globally with the most progressive design-led companies working within the realm of transport and product design, lighting and interior design in addition to furniture design.
