Separation/recycling of individual parts instructions
Separate the chairs into parts. None of the parts in a chair can cause damage to health or the environment.

All metal and plastic parts can be disposed of and recycled by an approved environment and raw materials organisation.
Wooden materials can be recycled.
Foam can be recycled and crumbed for use in new foam products.

Furniture Recycle & Referbish programme
We offer customers the option of having old chairs professionally refurbished or disposed of in a sustainable and environmentally friendly manner. We work with partner organisations to support initiatives that enable old chairs to be reused by schools, charities and community groups.
