Product Overview

# Platforms Breakout

---

## Build, subtract & multiply

- Platforms Breakout modules are simple modular blocks designed to create shared places within open plan spaces.
- An evolution of the popular Platforms range, Platform Breakout offers additional variety, flexibility & choice for personalising spaces.
- Lightweight and agile, Platform Breakout modules can be easily configured and remodelled to adapt to the space requirement.
- Designed to suit the user's interpretation, Platforms Breakout can offer open workspaces, group based work or solo confinement.
- A collection of 770mm or 1155mm width, square & rectangular boxes at four varying user heights, there are endless configurations; tiered seating to work from and present, low to high modules to create varying CoWork spaces and lounge modules for more informal social spaces.
- Build, subtract & multiply as you demand.
- Available with or without seat cushions.
