Rooms

Design by Roger Webb Associates

Product Brochure 2017

Rooms

Designed to Define Space & Create a Sense of Place

Rooms represents a flexible and reconfigurable free-standing structure designed to create informal and formal workspace solutions to meet, socialise, focus and collaborate.

Offering visual and acoustic privacy solutions, Rooms is available in various sizes with either acoustic, curtain, glass, upholstered, Venetian trellis or whiteboard walls and optional acoustic ceiling baffles to create spaces with endless functionality.

Rooms
