HOT BOX®

Hotbox 1

Hotbox makes the Agile Workplace flow.

Hotbox 1 is a vibrant and practical agile workbox embodying our key principles: mobility, organisation and personality.

Perfectly crafted and compact, the lightweight Hotbox 1 makes it easy to move around the workplace. Its smart design keeps you organised wherever you choose to work and means it is just the right size for storing and transporting your important desktop work tools - your notebook, tablet, coffee cup, pens, sticky notes and snacks. Available in a foray of vibrant colours, you can express yourself with a Hotbox 1.

Giving you the freedom to work wherever you choose, in an agile workplace you can't be you without Hotbox 1.

One of these things is not like the other.

The grey Hotbox 1 is the newest addition to the Hotbox 1 collection, but has a fundemental difference. Made from fully recycled polypropylene (PP) and recyclable at the end of it's product cycle, the grey Hotbox 1 is the first to adopt the cradle-to-cradle design concept.

Why Hotbox is vital to the agile workplace.

For a seamless agile workplace, your people have to move quickly and easily around the space. If people cannot take their work tools with them from their locker to any chosen workspace, they are simply unable to become the agile workers they aspire to be.

With Hotbox, the agile workplace flows. Hotbox is the vital link in the chain, without which the agile workplace will just not operate.
