Xtreme - Class 1+

Xtreme is a modern crepe weave fabric made from 100% recycled polyester, diverting waste from landfill and saving virgin raw materials. Its stretch properties, coupled with inherent flame resistance, durability and non-pilling properties make Xtreme an ever popular fabric for task seating.

Era - Class 1+

Era is a subtle, two tone polyester fabric containing stretch in both directions for ease of upholstery. The baby herringbone weave offers an understated contemporary texture while its colouring technique provides close up intrigue. The palette incorporates playful brights and sophisticated muted tones.

Main Line Flax - Class 2

Main Line Flax is the natural progression of our all time favourite Main Line Plus fabric, building on our industry leading bast fibre expertise to create a new inherently flame retardant fabric from sustainable sources. A symbol of purity, wild flax has been used in textiles for thousands of years thanks to its strong, long and smooth fibres found inside the stem of the plant. The fibre is spun into a 70-30 wool flax blend, then fibre dyed to create beautiful mixture yarns which are woven into interesting solids and cross-colours inspired by the rich tones of rare jewels.

Aquarius - Class 2

Aquarius is a tried and tested, versatile crepe weave fabric that is suitable for task chairs and soft seating. It's made from 100% natural wool, which is not only rapidly renewable but also fully bio-degradeable. The colour palette offers a great balance of subdued organic shades and confident brights.

Synergy - Class 3

2+2 = 75. Where the total is more than the sum of the parts. Say hello to Synergy, a soft handle wool blend fabric, featuring exquisite fibre dyed shades and sumptuous piece dyed solids. It all comes together to provide our largest colour offering of 75 intelligent shades. We have partnered with Just A Drop, the international water aid charity, and for every metre of fabric we sell, we will make a donation to a specific project around the world, helping to provide clean and safe water to those in need.

Blazer - Class 3

Blazer is a classic pure new wool upholstery fabric with a billiard cloth felted finish. It is made from premium New Zealand lambswool, where responsible farming provides the highest quality raw material which is soft, clean and bright, which is ideal for spinning, weaving and dyeing. The colour palette is an exciting mix of solids and mélanges across the full colour spectrum, creating a versatile fabric suitable for wide-ranging furniture applications.

Patina - Class 3

Patina is designing with nature to achieve beauty with performance. The white flecks scattered across the surface are created by the flax content, just as the flowers would appear in the fields from which it is grown. The palette takes its cues from nature and has been carefully balanced to include shades which both enhance and blend seamlessly with other fabrics in the Camira portfolio. By allowing its natural beauty to shine through, we've ensured that Patina is truly at home in its new habitat - the office.

Canvas 2 - Class 3

Reflecting this, Canvas' colour scheme comprises a variety of dark, light, cool and warm tones. Every colourway combines different nuances to form a complex colour landscape, as in watercolour paintings. Versatile Canvas is suitable for both contract and private use: it is very durable and, as a result, offers a long-life span. Additionally, it is certified according to the EU Ecolabel, and has a high content of renewable fibres.

24/7 Flax - Class 3

24/7 Flax is an intuitive progression of our popular 24/7+ range. Continuing our pioneering work with bast fibres, 24/7 Flax incorporates a blend of wool and flax fibre to enhance the sustainability credentials of the fabric whilst maintaining the robust technical performance. Ideal for 'heavy duty' contract applications the fabric is inherently flame retardant to Medium Hazard level without post-treatments. The combination of flax yarn and crepe weave creates coloured highlights and intriguing texture.

Steelcut Trio 3 - Class 6

Steelcut Trio 3 is a hardwearing upholstery textile, which has the same construction as Steelcut 2. Designed by Frans Dijkmeijer and coloured by Giulio Ridolfo, it is now available in a wider choice of colours. Like Steelcut 2, Steelcut Trio 3 features an innovative weave, which gives the fabric a three dimensional surface resembling small pyramids or steel points and, despite the complexity of the weave, a simple and precise expression.
