ENVIRONMENTAL

Material Content

Components are constructed of the following

Fabric	TBC%
Steel	TBC%
Aluminium Castings	TBC%

Recycled Content

Contains up to 0000% of Recycled Material

Fabric	TBC%
Steel	TBC%
Aluminium Castings	TBC%

Recyclability

The range is 100% recyclable

100%

SENATOR 3 R'S

Senator is committed to continually improving the sustainability of all environmental aspects within our business.

To meet both international standards and our own environmental targets we apply the three R's principle

-Reduce, Reuse and Recycle.

Whilst recycling is the element which receives the most exposure it is actually

the last option available and should never be the prime target in anyone's battle to reduce waste.

It is our duty as individuals and as a company to initially attempt to **Reduce** usage. Then we should look to **Reuse** wherever possible and finally, only after these two processes have been exhausted, should we consider **Recycling**.

-Reduce
-Reuse
-Recycle
