

## Orb

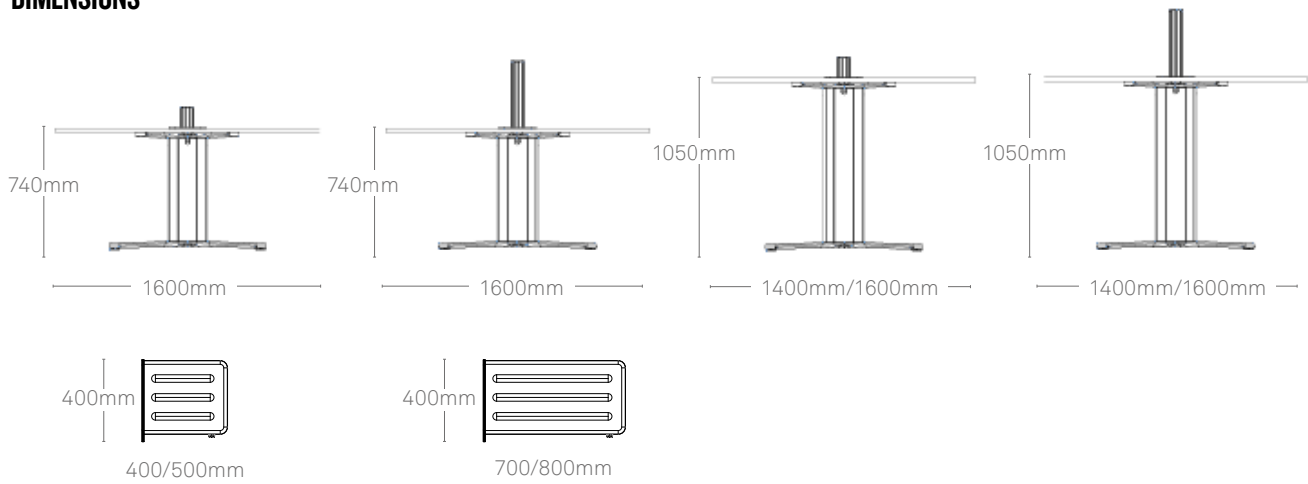

### Design by Senator

Why are desks rectangular, when much of human culture in terms of shape and form is round? Orb is a revolutionary desking solution that allows the

liberalisation of space through 360 degree circular worktops. We're not talking simply about cutting corners, far from it, Orb's design permits a natural

fluidity to the workspace allowing gentle crescents to be created through the simple interlocking of workstations.

## DIMENSIONS

## TECHNICAL INFORMATION

### Standard Features

- 4 star cast aluminium base
- Aluminium extruded column
- Aluminium levelling feet
- 4 star cast aluminium top mounting
- Aluminium cable port with lift off covers

### Specifiable Features

- 740mm or 1050mm high
- 1600 dia circular or 1600 dia bite
- 1400 dia circular or 1400 dia bite (1050mm only)
- Full height or low height post
- 25mm MFC top
- 25mm MFMDf top with a ref 45. cutback edge profile

### Complementary Options

- Full screen
- Bite screen
- Above desk power/USB power
- Under desk power with vertical cable management
- Ply effect contrast edging
- MFMDf edge profile can be stained

### Accessories

- CPU holders
- Monitor arms
- Desk top accessories
- Single and double arm pendant light

### Performance Standards

- BSEN 527, Part 1, 2011
- BSEN 527, Part 2:2002
- BSEN 527, Part 3:2003
- BSEN 9241 Part 5, 1999
- BS 6396:2008
