Torsion on the Go!

A supremely intelligent approach to the requirements of multi-purpose rooms

Exceptional comfort is provided by a smooth back articulation created by a unique patented torsion spring mechanism. Coupled with a light design aesthetic, Torsion on the Go!'s unrivalled comfort and practicality make it one of the most specified multipurpose chairs in the market. The unique oversized articulating tablet arm folds down for efficient nesting.

- Highly mobile, nesting chairs
- Large flip-up and folding nesting tablet arm
- Torsion sprung tilting backrest with integrated handle

Designed by GiancarloPiretti | 15 year warranty
